

BOOTLEG
MORTAL KOMBAT V PRO

ROMHACK
MORTAL KOMBAT YOKO EDITION

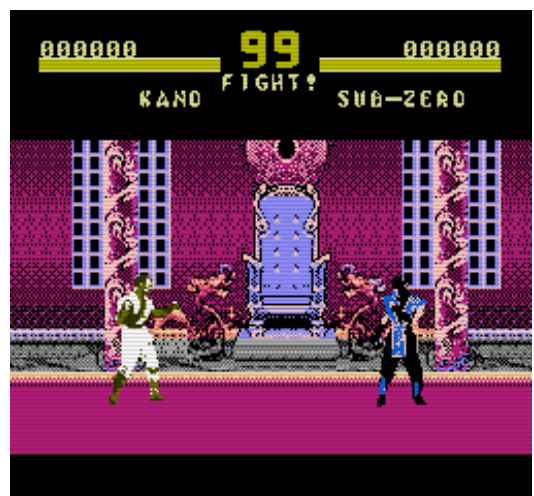

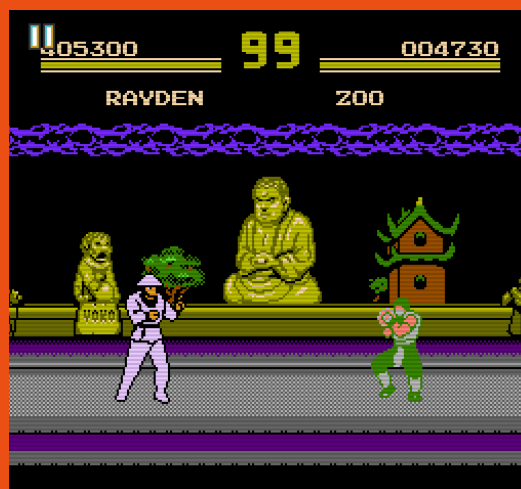

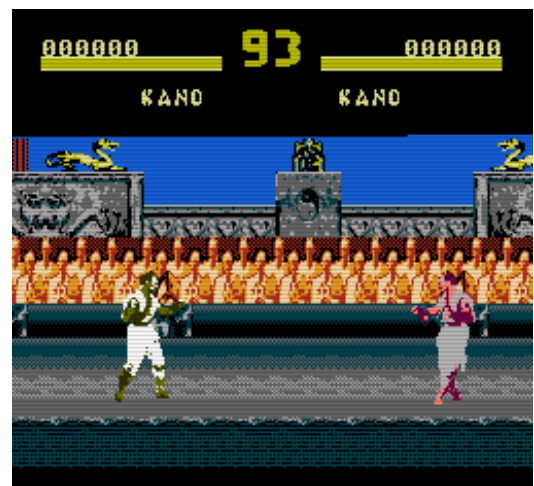

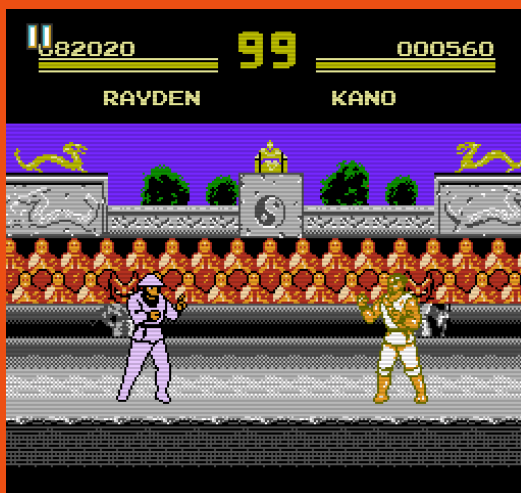

NEW INTRO AND TITLE DESIGN

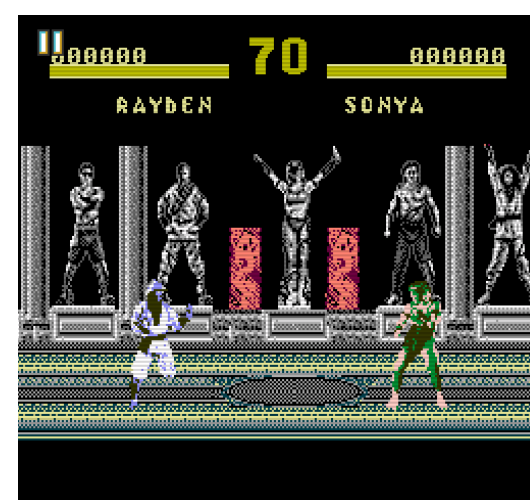

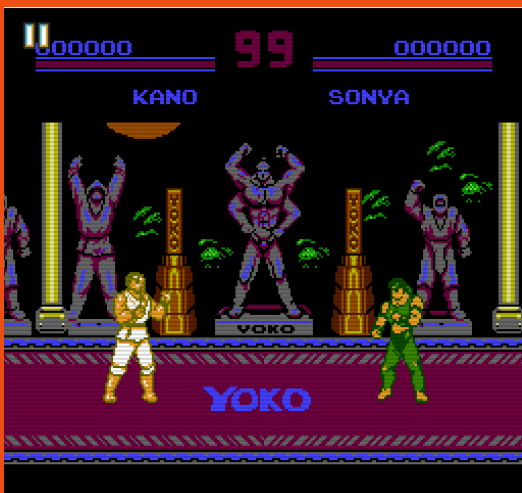

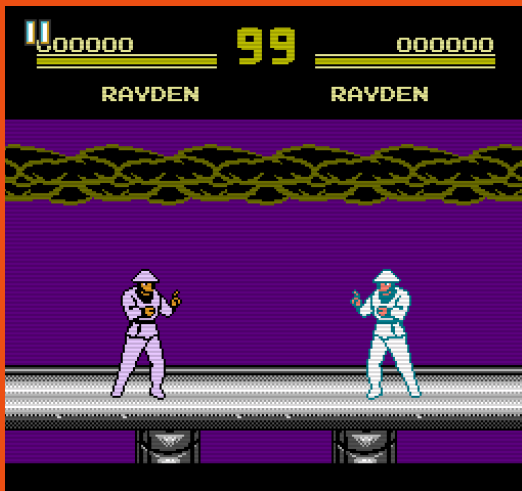

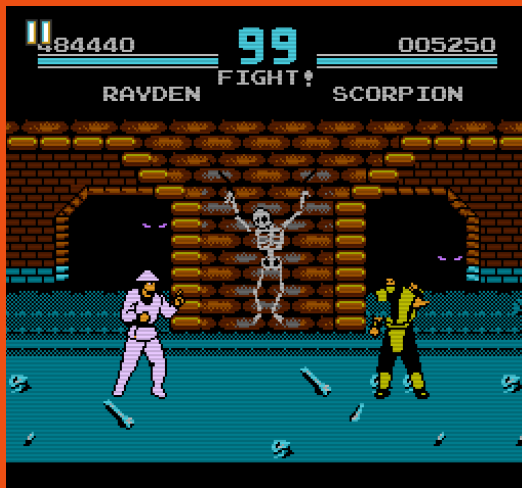

REPEATED PORTRAITS ARE REMOVED

REDESIGN OF STAGE

*The bootleg doesn't have the "Shang Tsung's Throne" stage; it was important to us that it be there because the final boss is Shang Tsung. Due to lack of space, we eliminated the "The Palace Gates" stage and implemented the "Shang Tsung's Throne" stage.

NEW MUSIC

The music tracks for each stage have been reworked. The music track on the fighter selection screen has also been changed.
